Product Management Specialist

Responsibilities

- Work with the engineering, data science, business, finance, and operations teams to develop our loans products to support Maya's Financial Services
- Spearhead the end-to-end product life cycle from understanding market needs and goals, observing trends, building the business case, defining product requirements, and collaborating with internal teams and external partners for the delivery and roll-out.
- Drive and manage the deposits and insurance product roadmap by identifying areas of actionable growth. This includes, but not limited to, expanding products to other customer segments, leveraging on market trends, and integrating with future roadmap of other Maya products.
- Understand data assets of Maya and analyze vis-à-vis selected industry data to shape product, targeting and delivery strategy
- Monitor the growth of our portfolio and other key metrics to ensure that we fully optimize opportunities while mitigating risks
- Work with insurance partners and platform providers to provide our customers with the best-in-class and innovate products based on their needs and goals.
- Lead and define the design of new capabilities that uniquely serve the financial needs of our merchants & consumers.
- Keep abreast on the fintech industry developments and trends.
- Assess the threat & opportunities to our business and create a plan of action to maintain a competitive edge for our consumer & enterprise products.

Qualifications

- Has 4-6 years of Product Management leadership experience in digital financial start-ups, financial services companies or leading tech companies in a related industry
- Strong understanding of deposits, digital banking, the payments domain and industry, and new financial technologies.
- Experience in building digital products
- Strong project management, communication, and collaboration skills

Hiring organization

Maya

Maya is the all-in-one money platform that is bringing Filipinos bolder ways to master their money.

It is powered by a unique integrated financial services ecosystem that addresses the ever-evolving needs of today's generation of money makers through cutting edge technology.

Maya leads millions of Filipinos — consumers, businesses, communities, and government agencies alike — into a version of the current digital economy that's more inclusive, transparent, and empowering than ever.

Maya is powered by the country's only end-to-end digital payments company PayMaya Philippines, Inc. and Maya Bank, Inc. for digital banking services.

Maya Bank, Inc. and PayMaya Philippines, Inc. are regulated by the Bangko Sentral ng Pilipinas.
